BRIEF ABSTRACT OF LETTER.

Requests that the Annual Rainfall Registration Report may be excluded from the rule regarding submission of departmental Reports to the Secretariat (type copy)

NOTES AND ORDERS.

The direction referred to by the Meteorological Reporter is in connection with annual departmental reports submitted to Govt and received in the Sects. That direction does not refer to special publications

more or less of a technical nature valuable to workers in that field & not reviewed by you, as in the case of the annual Report on the working of the Department, to which alone the restriction as to ~~being~~ Manuscripts being sent to the Press through the Govt applies.

4 6 Paragraph VI of the G.O. of 11th June 1915 regulating the work to be done at the Govt Press intended to cover all cases of the kind under consideration. For years past the Govt Press has been printing this report & it cannot object to take it up now. As regards the question of giving it out to private Presses the nature of this report must speak against such a proposal. This report is full of figures ~~which~~ ~~the Engineer~~ ~~about it~~ ~~which~~ ~~should be checked~~ ~~accurately~~ & it is not likely that that any private Press in its present stage of development can guarantee this accuracy.

No private Press can command the necessary stock of figures whereas the Govt Press has the required stock as having done the Census tables & this same report in previous years.

For these several reasons sanction has to be given to the Medical Reporter to get this report printed at the Govt Press without approaching Govt for sanction every year.

Sir,

Flag O

With reference to Government Order No. G. 5595-643/G.R.11-14-21 dated 1st December 1914 requiring all the Heads of Departments not to send copies of their Annual Reports to the Press except through the Secretariat, I have the honor to state that I have been sending to the Press through the Secretariat all these years the Annual Administration Report of the Department and for some years past the Annual Report on Rainfall Registration in Mysore also. But in the case of the Annual Report on Meteorology in Mysore, which is of a purely technical nature and full of statistics, it has been the practice all along to get it printed at the Government Press first and then submit printed copies thereof to Government for review and I have the honor to solicit that the Government may be pleased to permit the existing practice to continue.

I have the honor to be,
Sir,
Your most obedient servant,
